On April 6th Miss Cindy will be picking up eight fertilized chicken eggs from the Cornell Cooperative in Yaphank.

Once at Peace the eggs will be lovingly watched over by our children and staff.

The children love to visit the incubator and see the eggs develop during the 21 day incubation period.

They can't wait for our feather friend to hatch out of their shells. Once the chicks have hatched and their feathers have dried The children will be able to visit the Brooder Box and see the baby chicks.

The children will learn about their life cycle, care and feeding as well as getting to hold and name the baby chicks.

Chicks should start hatching the week of April 26th!

SPRING

2021

CONNETQUOT LIBRARY
FIELD TRIP

MAY 12TH

Our four years olds will be taking a walking field trip to the Connetquot library for a visit, story telling and a craft. The children will be required to wear masks. Look for a permission slip coming home soon. Parents volunteers can join the group - if you would like to volunteer indicate that on the permission slip and we will can you with the details. Space is limited and unfortunately due to Covid-19 siblings can not be accommodated.

Pastor Brian's Corner

As we turn the page on winter and begin a new season of spring I am reminded that God has built into creation a cycle of rest and renewal. What looks like death to us is rest to God. As the trees and grass spring to life I am reminded that death is a temporary condition and that its purpose is to prepare for a new life...

A new beginning for something even better. While pollen can be a springtime nuisance when it coats everything and makes people sneeze, it reminds me that God is in the business of keeping things alive. He promises a glorious resurrection for those who believe in His Son.
